

*The AlpInnoCT consortium is pleased to invite you to participate in the project's Final Conference – Working together for Combined Transport in the Alpine Space*

After intense debates and demonstration of innovations, countless workshops and dialogue events to collect input from all relevant stakeholders, hours and hours of debating recommendations for an efficient and low-carbon Combined Transport across the Alpine Space, it is now time for a reality-check and discuss our project results with EU policy makers and experts in Brussels. Get involved into the discussion and register to the event [here!](#)
